Active Birth - Revised Edition: The New Approach to Giving ...

Overview. Janet Balaskas led a movement of women who refused to give birth lying down. She has been teaching women about "active birth" ever since. In this updated and Americanized guide, Balaskas explains how to prepare for and experience a truly natural birth. She leads the pregnant woman through yoga-based stretching exercises and massage practice, and describes the stages of labor and comfortable positions for each, at home or in a hospital.

Active Birth - Revised Edition: The New Approach to Giving ...

If you give birth actively you will want to move around freely during the early part, or first stage, of labor, choosing comfortable upright positions such as standing, walking, sitting, kneeling, or squatting. In between contractions you can find ways to rest in these positions, comfortably supported by pillows.

Active Birth: The New Approach to Giving Birth Naturally

Active birth is a convenient way of describing the woman being an active participant in the labour process by being active (such as walking, squatting, taking a shower, water births etc). The book strongly encourages women to stay active during labour as this is believed to be best for the baby and mother.

Active Birth strongly promotes birth in the squatting position, though other positions are covered. In my experience, lying on your back, either flat or in a semi-reclined position, is sometimes very effective for birth. This book suggests that back lying is never favorable. I would encourage an open mind.

Active Birth: The New Approach to Giving Birth Naturally

Active Birth has evolved as our understanding of the intricate processs of birth has developed. But three ideas have been present since the beginning: encouraging mothers to use instinctive upright birthing positions; stimulating natural hormonal responses during labour; and empowering women to make their own choices about their births.
