### **Cisco 1700 Series Modular Access Routers**

An IOS router such as the 1700 does not have a default IP address. Some of the IOS routers have SDM installed and the installation of SDM does provide an IP address as a starting place. If youi "inherited" this 1700 does that imply that it has been in use? If so I doubt that even if it has SDM that it would still use the beginning address from SDM.
