### Lt1 Lister Diesel Engine

Description. LT1 and LV1 are the two types of engines in the "L" series. They are both air-cooled direct injection diesel engines and are built with a cast iron crankcase for durability and have large bearing surfaces for low bearing loads and long life. They are air-cooled by means of a highly efficient flywheel mounted fan and are designed for continuous operation in ambient up to 125 degrees.

Engines » Lister LT1 problems ... that concerns me because it is never a good idea to grind on the seats of one of these tiny Lister engines. The question I have for you is; "How deep is your valve recess now?" In a tiny displacement like the LT, valve recess will have a large impact on overall chamber volume and thereby change the compression ...
