I hope this article about downloading a free copy for Rockwell's FactoryTalk View Studio Machine Edition (ViewME) and PanelView Plus (PVPlus) Transfer Utility was helpful. As always, if you have any questions or comments please click on the "post a comment or question" link below to comment on this article.

Downloading the updated View Machine Edition / PanelView ...

RSVIEW Studio only uses RSLinx Enterprise communication drivers to download runtime files to PV+ terminals. RSLinx Enterprise is configured entirely within RSVIEW Studio, in the Communications tab. RSLinx Classic can be used as a data server, but has no role in downloading to the PanelView Plus terminal.

FactoryTalk View Machine Edition 6.10.00 (CPR 9 SR 4) by ...

While I already own View Studio Machine Edition, it only supports development of Machine Edition and PanelView Plus applications. View Studio Enterprise, on the other hand, allows for development of both Machine and Site Edition applications. That meant if I purchase View Studio Enterprise outright, I'd no longer have a need for View Studio Machine Edition, which I previously invested \$900.
