Viray Coda Audio

Overview Aimed specifically at medium sized tours and fixed installation, ViRAY compact line array systems have been created to truly deliver the best possible audio quality, fulfilling the exacting needs of today's global markets and surpass the expectations of both user and listener.

ViRAY - Coda Audio

ViRAY compact line array systems consist of the ViRAY 3-way symmetrical line array module, the SCV-F sensor controlled 18" subwoofer and the dedicated CODA Audio amplifier racks. ViRAY compact line array systems are perfectly suited for theatres, live sound performance venues, clubs, houses of worship, corporate events and touring.

ViRAY Series - Coda Audio

CODA Audio is a leading designer and manufacturer of high quality pro-audio loudspeaker systems. Core to our products are a number of unique patented driver technology designs which provide outstanding dynamic results as well as improved precision and reliability over conventional components.

ViRAY Downloads - Coda Audio

ViRay has a frequency response of 55Hz-22kHz and, for extended bass response, is complemented by the optional SCV-F, which uses Coda Audio's Sensor Control technology to turn the two elements into a unified system. SCV-F may be used in omni or cardioid configurations, and can be flown in curved arrays.

Cultural Comeback - dts Veranstaltungstechnik Deploys CODA ...

I've used CODA Audio AiRAY and ViRAY systems in the past and the flexibility they offer is key. This particular tour presented a mixture of venue types and sizes, so I was confident the ViRAY system could be tailored to meet the varying needs, without compromising the very specific Motown sound I would be trying to represent.
